The Better Way to a Better Window®

It's time to fall in love with your home all over again.

Whether you're replacing your old windows because they're broken, drafty, or require too much maintenance, we know you have lots of questions. There are many considerations – glass, window frame material, style, hardware, color, and warranty to name a few. But most importantly, you want the job done right. You want it to be a smooth, easy process, and you want it to be done by a company you can trust – before, during, and after installation.

That's why you want Renewal by Andersen. We offer a start-to-finish process. All you need to do is sit back and relax, knowing you made the right choice in window and door replacement.

Replace Old Expectations

We believe your Renewal by Andersen experience is about more than just windows. It's about caring for you and your home, every step of the way.

We own our entire process, from start to finish. What does that mean for you? It means we listen. It means we measure, we build, and we install. And it means we promise to stand by our product – today, tomorrow, and years into the future.¹

A Legacy That Looks to the Future

For more than a century, Andersen® products and patents have revolutionized the window and door industry. We pair that legacy of quality and innovation with a skilled team of specialists who are dedicated to making sure your window replacement is the best home improvement project you've ever done.

From Our Family to Yours

Your home is unique. It shouldn't be treated like every other house on the block. This is the place where you and your family make memories and celebrate moments, both big and small. We want to make sure your new windows suit your home life.

You want your replacement products to last, so whom you choose to do your project is important.¹ When you work with Renewal by Andersen, you know you'll get an exclusive product that is durable, customizable, and beautiful. And you know we'll take care of you – and your home – from start to finish, and beyond.

From consultation to installation, Renewal by Andersen offers one-company accountability backed by a legacy of excellence. We're proud to work with the best people, offer a superior, start-to-finish replacement process, and provide you with exclusive, industry-leading products. **That's Renewal by Andersen Signature Service.**

¹ Visit renewalbyandersen.com for warranty details.

FEEL CONFIDENT TRUST YOUR HOME TO THE MASTERS

By working with the best people across the board, we're able to push industry installation standards to new heights. Our Certified Master Installers are the best team for the job – the team we trust to handle the windows built just for you. Rigorously trained, respectful, and friendly, you'll see why we're proud to call them Certified Master Installers.

A quality experience is in the details

We've long understood that all the care, pride, and craftsmanship we put into our products would mean little without professional installation. It's from these standards that we created our Certified Master Installer program.

Our standards are tough

Prior to certification, we require all trainers and installers at our certified locations to demonstrate their knowledge of construction materials, building codes, and installation methods. We understand you work hard for your home, and we want you to be as comfortable as possible throughout the installation process.

We take a unique approach

Not only do we provide a professional process from start to finish, our Certified Master Installer program takes this to the next level by placing your new windows and patio doors in the hands of skilled master installers with years of experience.

Only the best people make the cut

We take pride in setting the highest standards in the market, with no stone left unturned. This includes the people installing your windows. We're proud to put our name in their hands.

What are Renewal by Andersen® windows made of?

All of our windows are made of Fibrex® material, a revolutionary composite made from reclaimed wood fiber blended with a polymer. This gives our windows the strength and durability of wood and the low-maintenance features of vinyl, while greatly limiting thermal transmittance that can be found in other window materials such as metal.

Unlike many other window materials, Fibrex composite material won't flake, rust, blister, peel, crack, pit, or corrode.² It is also two times stronger than vinyl and resists warping and bowing. Never worry about scraping or painting your windows again.

ENGINEERED WITH
FIBREX[®]
MATERIAL

Smart Materials

Fibrex material is twice as strong as vinyl, so weathertight seals stay weathertight.

Color Choice

Our unique process fuses color to Fibrex material for long-lasting beauty. And it offers dark exterior colors not available on most other replacement windows.

Exceptional Comfort

Fibrex material blocks thermal transfer nearly 700 times better than aluminum to help reduce heating and cooling bills.

Outstanding Durability

Fibrex material retains its stability and rigidity in all climates.²

An Unmatched History

Founded in 1903, Andersen Corporation quickly revolutionized the way windows were built and installed. Over the years, Andersen has introduced many industry firsts. Andersen continues to be a leader in producing products that last longer, look better, and function smoothly for many years.

To this day, Andersen Corporation operates under the core principles founder Hans Andersen put in place over a century ago. When you purchase Renewal by Andersen® windows, you're purchasing time-tested innovation – and a piece of history that will last for years to come.³

Five Key Environmental and Energy Solutions

While we care about you and your home, we also care deeply for the world in which we all live.

DOUBLE-HUNG WINDOWS

This classic window style is an excellent choice no matter where you live. Choose gently curved contemporary or squared traditional check Rails.

CONVENIENT

Both top and bottom sash tilt in for easy cleaning.

ELEGANT

Traditional look of mortise-and-tenon joints styling.

ACCURATE

Fits perfectly in many restoration and renovation projects.

Double-Hung Windows / White Exterior / Colonial Grilles

CASEMENT AND AWNING WINDOWS

Casement windows catch a breeze and direct fresh air indoors, allowing the most ventilation of any window style. Awning windows let in fresh air, even on rainy days!

EASY

Casement windows open wide to allow easy cleaning of outside glass from the inside⁶ and can be hinged from the right or left.

CONVENIENT

Awning windows are recommended for use over cabinets, counters, or areas where opening and closing require a reach.

SECURE

One lever positioned in an easy-to-reach location securely locks the casement window at multiple points for a weathertight seal.

EFFICIENT

Casement and awning windows are our most energy-efficient ventilating window styles.

GLIDING WINDOWS

Whether you're creating a new look or matching the original window style of your home, maximize your view with slim, easy-to-slide, contemporary gliding windows.

BEAUTIFUL

Narrow, contoured frames allow more glass viewing area.

VERSATILE

Both sashes slide, so you can open either the left side, the right side, or a portion of both.⁸

RELIABLE

Fibrex® material tracks are shaped for easier cleaning and will not pit, rust, or corrode.⁷

UNIQUE

A great solution when a projecting window interferes with walkways, patios, decks, or landscaping.

How Window Performance Is Rated

Energy Efficiency Rating

To help homeowners, in 1992 the National Fenestration Rating Council® (NFRC) established an independent third-party rating, certification, and labeling program for windows, doors, and skylights (fenestration products).

 National Fenestration Rating Council	 RENEWAL by ANDERSEN Full Service Window & Door Replacement Casement Picture Window Dual-Pane Low-E4® SmartSun™ Glazing with Argon Product Type: Fixed
ENERGY PERFORMANCE RATINGS	
U-Factor 0.26 (U.S./I-P)	Solar Heat Gain Coefficient 1.48 (Metric/SI)
ADDITIONAL PERFORMANCE RATINGS	
Visible Transmittance 0.53	Air Infiltration 0.00
Manufacturer certifies that these ratings conform to applicable NFRC procedures for determining whole product performance. NFRC ratings are determined for a fixed set of environmental conditions and a specific product size. NFRC does not recommend any product and does not warrant the suitability of any product for any specific use. Consult manufacturer's literature for other product performance information. www.nfrc.org	

Sample label shown

Warm Weather Performance

Cool Weather Performance

Renewal by Andersen displays the NFRC label on all of its windows. This label means that the entire window unit has been rated and certified, not just the center of the glass or individual components. See our Energy Efficiency brochure for additional information.

PICTURE WINDOWS

Transform your home with picture windows that can stand alone beautifully or can be combined with other window styles for added curb appeal.

ADAPTABLE

Match or change your home's appearance by combining picture windows with other windows.

STRONG

Using strong Fibrex® material frames, our picture windows easily support the weight of the heavy glass commonly needed for large picture windows.

VERSATILE

Like all of our windows, picture window glass is available tempered, tinted, or in a wide variety of decorative patterns.

INSECT SCREEN OPTIONS

EVEN WHEN IT COMES TO INSECT SCREENS,
LET YOUR PERSONAL STYLE GUIDE YOU.

Repel Invaders

Fiberglass insect screens are included with every operable window from Renewal by Andersen. Each is lightweight and designed to be easily removed from the inside of your home for easy cleaning. All insect screens are constructed with an aluminum frame and your choice of fiberglass, aluminum, or our innovative TruScene® insect screens. Half insect screens are available on double-hung windows.

TruScene® Insect Screen

↑
TruScene insect screens are like
nothing you've ever seen!

High Transparency

TruScene® Insect Screen

With more clarity than our standard insect screen,¹³ it's virtually invisible. TruScene insect screens are made with a micro-fine stainless steel mesh that's one-third the diameter of standard screen wire.¹³ That lets more fresh air and sunlight in while keeping most of the smallest insects out.

Patented technology > Superior ventilation > Protection against some of the smallest insects > Lets more light in

Wood-Veneered TruScene Insect Screen

Our wood-veneered TruScene insect screen blends seamlessly into the window frame and can be stained or painted to match your decor. Available on casement and awning windows only.

Real Maple

Real Pine

Real Oak

Conventional

Fiberglass Insect Screen

Fiberglass is the most common type of insect screen. It is strong and keeps the majority of bugs out while allowing plenty of air flow.

Aluminum Insect Screen

Our aluminum insect screen has a charcoal powder coating to reduce glare and increase visibility. It is also strong and has good ventilation and corrosion resistance.

HARDWARE FINISH OPTIONS

SOPHISTICATION AND STYLE.

Define Your Style

ENGINEERING SOLUTION:

- Mortise-and-tenon corner joint

HOMEOWNER BENEFIT:

Unique corner key design increases structural integrity and beauty.

Patio Door Security

STANDARD
FEATURE

Gliding Patio Door Locks

The unique Andersen® reach-out locking system pulls the door panel snugly into the jamb for weathertightness and enhanced security.

STANDARD
FEATURE

Hinged Patio Door Locks

Five-point locking system improves energy efficiency and offers an increased level of security. Also available is an optional handle extension kit, which creates additional clearance for interior blinds and shades.

Insect Screens

Hinged, double-hinged, gliding, and retractable insect screens are options for your Andersen® patio doors and are available in an exterior color to match your patio door.

Hinged Insect Screen
Compatible with A-Series hinged patio doors (one panel)

Double-Hinged Insect Screen
Compatible with A-Series hinged patio doors (two panel)

Gliding Insect Screen
Compatible with A-Series hinged patio doors (two panel), all gliding patio doors

Retractable Insect Screen
Compatible with A-Series hinged outswing patio doors²⁶, all gliding patio doors

Blinds Between-the-Glass

Convenient blinds between-the-glass are now available on select doors.

White blinds are located between the panes of insulated glass, protected from dust and damage.

Cordless design to easily raise, lower, or tilt blinds for control of light and privacy.

Glass is easy to clean without the need to move the blinds.

Available on doors with white exteriors and unfinished pine or prefinished white interiors only. Not available on 200 Series Narroline® gliding patio doors.

Security

Exterior Keyed Locks
Compatible with all patio doors

Auxiliary Foot Lock
Offers an extra measure of security when the door is in locked position. It can also hold the operating panel partially open.
Compatible with gliding patio doors only

²⁶ Outswing patio doors require the insect screen to be mounted on the interior.

Enhanced Comfort

At Renewal by Andersen, we'll help you sort through the details of glass heating and cooling performance, visible light transmittance, and ultraviolet (UV) protection to pinpoint the right window glass for you. Our windows take advantage of the newest technologies to help lower energy costs and keep your family comfortable.

Enhanced Triple Pane

Enhanced comfort, enhanced efficiency, enhanced design. An extra pane of glass helps keep the indoor temperature in and the outdoor temperature out, making this our most energy-efficient glass option.

Enhanced Triple Pane

An extra pane of glass helps keep more heat in and cold air out, making this our most energy-efficient glass option best suited for colder climates.

Enhanced Triple Pane with SmartSun™ Glass

Has the added benefits of our Low-E4 SmartSun glass.

Select Renewal by Andersen windows® with Enhanced Triple Pane glass have been recognized as the Most Efficient of ENERGY STAR® certified products in 2022.

Patterns

High-Performance Glass

Low-E4® SmartSun™ Glass

SmartSun glass meets our highest standards in cool and hot weather performance. SmartSun glass blocks 95% of harsh UV rays that can damage drapes, artwork, and furniture.

Low-E4® Glass

Perfect where both heating and cooling costs are a concern, our Low-E4 glass helps keeps your home warmer in winter, cooler in summer, and blocks 84% of harmful UV rays.

Low-E4® SmartSun™ Glass with HeatLock® Technology

You get all of the benefits of our Low-E4 SmartSun glass plus an energy-saving glass coating that helps your living space feel warmer and more comfortable.

Low-E4® Sun Glass

For hot, dry climates with little shade or cloud cover, our Low-E4 Sun Glass utilizes a subtle tint to help block out heat from the sun, reducing cooling costs.

Enhanced Triple Pane

Air spaces filled with krypton gas blend specific to Enhanced Triple Pane

3 independent glass panes, including low-E® coating and SmartSun™ glass*

Primary seal (gas barrier)

Secondary seal (Structural)

Desiccant in spacer interiors

Thermally efficient glass spacers

*Available with SmartSun glass option only.

Strength

Our tempered glass option is heat-treated to be at least four times stronger than standard annealed glass.

Your Design:

Your Window Design Consultant will help you at every step of your project by...

- ...listening to your needs
- ...providing solutions that may add value to your home
- ...helping you determine the best style for your home
- ...communicating your project's progress
- ...saving you time and stress

We stand behind our products and services.

The Renewal by Andersen® limited warranty is one of the strongest you'll find on any window or door, at any price. It's non-prorated and fully transferable. Every window we make is labeled with our toll-free number, should you have any issues with your window. It's one more way that you know we're here for you now and well into the future.

Your satisfaction is our measure of success.

Nationwide, a homeowner satisfaction survey is sent to each home after every project we do. Customer satisfaction is a primary component of the Renewal by Andersen culture. Your feedback has proven to be an invaluable asset as we continue our never-ending mission to improve our products and services.

Call us today.

We would love to help you with your replacement project.

Window and Door Replacement from a Company You Can Trust™

Don't take our word for it. Renewal by Andersen has long been committed to environmentally responsible products and manufacturing methods. Our efforts have been recorded and recognized by leading organizations with some of the most rigorous standards in the United States.

†It is the only warranty among top selling window companies that meets all of the following requirements: easy to understand terms, unrestricted transferability, installation coverage, labor coverage, geographically unrestricted, coverage for exterior color, insect screens and hardware, and no maintenance requirement.
